**Results of Parent Survey May 2017**

**11<sup>th</sup> June 2017**

Dear parents,

A huge thank you to all of our parents who responded to the parent survey issued in May. With an amazing **90%** of families having completed it, we can use the data to support the forward planning of the school. Your feedback is invaluable and complements the feedback we receive via our daily interaction with you. I am always appreciative of this as it helps inform our planning and ensures we are working closely with you, so thank you for your time and effort in delivering this to us.

I am delighted to say that the vast majority of you are pleased with what is taking place at the school. You scored us over 80% in all of the 22 categories and over 90% in 18 of those! We are so pleased that your children enjoy coming to school and learning. We are proud of all of the children, as they have once again responded so superbly to the highest expectations and ambitious challenges during the course of this year.

**Astonishingly, we have seen a 65% increase in parental engagement since the last parent survey in May 2016, and 93% of parents say they would recommend the school, of which we are thrilled.**

**Strengths of Kilburn Grange School**

The parent community are very satisfied with school life at Kilburn Grange School, with the majority of parents describing the school as a happy and caring environment with high standards and clear values.

There is a very clear sense of what most parents regard as the main strengths of the school. The most common responses were:

- The clear school values which encourage the children to be caring, kind, and independent learners
- The range of school trips and extra-curricular activities on offer to the children
- A welcoming and professional staff and leadership team

The following table lists the questions which achieved the highest percentage of respondents who chose either Strongly Agree or Agree.

<b>Question</b>	<b>% who graded Strongly Agree or Agree</b>
My child enjoys coming to school	96%
The school develops my child's independence and responsibility	100%
The school's values and attitudes have a positive impact on my child	100%
The school is welcoming and secure	98%
Children have opportunities to develop socially and emotionally	98%

### **Areas for Improvement**

I really appreciate the time each and every one of you took to complete the survey and I can assure you that responses to each questions have been carefully reviewed. I have identified the following areas to consider for our School Development Plan next year so that we can continue to improve our educational offer:

- ❖ Fully maximise the outdoor space and improve playground equipment
- ❖ Extend the range of after-school clubs available
- ❖ Further develop the curriculum with subjects such as computing and languages
- ❖ Continue researching into the possibility of nursery provision

I hope that you are able to join me in celebrating such positivity, it comes as a direct result of your input for which I am grateful.

In the meantime, if you have any questions regarding the survey results, please do not hesitate to contact me.

Yours faithfully,

**Helen Richardson**  
**Head Teacher**
