Key Stage 1 National Curriculum Assessments

November 2018

What are the SATs?

- SAT stands for Statutory Assessment Test. It assesses pupils' progress towards the national curriculum.
- It is created by the Standards and Testing Agency.
- At the end of Year 2, children will take assessments in:
 - Reading
 - Maths
- All assessments are due to take place in May 2018 this academic year.

Scaled Scores

- SATs test scores are reported as ‘scaled scores’.

What is meant by ‘scaled scores’?

- It is planned that 100 will always represent the ‘national standard’.
- Each pupil’s raw test score will therefore be converted into a score on the scale, either at, above or below 100.

Scaled Scores

- A child awarded a scaled score of more than 100 is judged to have exceeded the national standard and demonstrated a higher than expected knowledge of the curriculum for their age.
- A child awarded a scaled score of less than 100 is judged to have not yet met the national standard and performed below expectation for their age.
- Marking guidance for KS1 tests will include conversion tables. Teachers will use these to translate pupil's raw scores into scaled scores to see whether each pupil has met the national standard. Teachers will use the scaled scores to inform their teacher assessment judgements.

Reading Test

- The Reading Test consists of two separate papers:
- Paper 1 – consists of a combined reading prompt and answer booklet. The paper includes a list of useful words and some practice questions for teachers to use to introduce the contexts and question types to pupils. The test takes approximately 30 minutes to complete, but is not strictly timed.
- Paper 2 – consists of an answer booklet and a separate reading booklet. There are no practice questions on this paper. Teachers can use their discretion to stop the test early if a pupil is struggling. The test takes approximately 40 minutes to complete, but is not strictly timed.
- The texts will cover a range of poetry, fiction and non-fiction.

Reading Test Sample Questions

- Questions are designed to assess the comprehension and understanding of a child's reading.
- There are a variety of question types:

Multiple Choice

1 When Bella was learning to fly, she...

Tick **one**.

was lazy.

did not try hard.

did not give up.

found it easy.

1 mark

Reading Test Sample Questions

Ranking/ordering

7

Number the sentences below from 1 to 4 to show the order they happened in the story.

The first one has been done for you.

William sent Bella to get help.

Fishermen came to rescue William.

The boat hit some rocks.

William went to sea on his boat.

1 mark

Reading Test Sample Questions

Matching/labelling

Here is some more information about Africa.
Match each sentence to the correct heading in the booklet.
The first one has been done for you.

Creation stories describe how and why the world was made.	Introduction
Africa has deserts, forests and mountain areas.	Clothes
Traditional African clothes are made from local materials.	Music and Dance
Some African people play 'talking drums'.	Story Time

Short-answer questions

4

What job did Tony Ross want to do before he became a writer and illustrator?

1 mark

Reading Test Sample Questions

Find and copy questions

16 Look at the paragraph beginning *The greedy man began to climb the vine...*

Find and **copy one** word that means the same as *sparkle*.

1 mark

Open-ended questions

6 At the end of the story, Bella was happy. Why?

1 mark

Mathematics Test

- Children will sit two tests: Paper 1 and Paper 2:
- Paper 1: Arithmetic - lasts approximately 20 minutes (but this is not strictly timed). It covers calculation methods for all operations.
- Paper 2: Reasoning - lasts for approximately 35 minutes, which includes time for five aural questions. Pupils will still require calculation skills and questions will be varied including multiple choice, matching, true/false, completing a chart or table or drawing a shape. Some questions will also require children to show or explain their working out.

Mathematics Test Sample Questions

Maths Paper 1: Arithmetic

15 $3 \times 3 =$

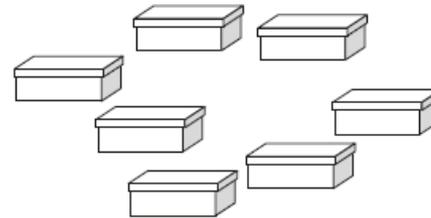

16 $12 \div 2 =$

Mathematics Test Sample Questions

Maths Paper 2: Reasoning

7

Sita puts 2 shoes in each of these boxes.

How many shoes are there altogether?

 shoes

8 Complete the table.

words	digits
thirty-eight	38
	40
ninety-four	

Mathematics Test Sample Questions

Maths Paper 2: Reasoning

- 27** Sita has **50** raisins.
She gives **23** to Ben.
She gives **15** to Amy.

How many raisins does Sita have left?

Show
your
working

raisins

2 marks

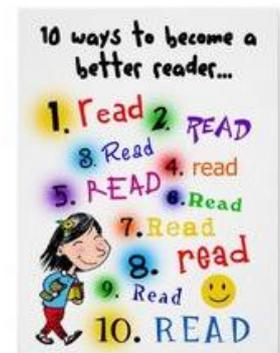

How to Help Your Child

- First and foremost, support and reassure your child that there is nothing to worry about and that they should always just try their best. Praise and encourage!
- Ensure your child has the best possible attendance at school.
- Support your child with any home learning tasks.
- Reading, spelling and arithmetic (e.g. times tables) are always good to practise.
- Talk to your child about what they have learnt at school and what book(s) they are reading (the character, the plot, their opinion).
- Make sure your child has a good sleep and healthy breakfast every morning!

How to Help Your Child with Reading

- Listening to your child read can take many forms:
- First and foremost, focus developing an enjoyment and love of reading.
- Enjoy stories together – reading stories to your child is equally as important as listening to your child read.
- Read a little at a time but often, rather than rarely but for long periods of time!
- Talk about the story before, during and afterwards – discuss the plot, the characters, their feelings and actions, how it makes you feel, predict what will happen and encourage your child to have their own opinions.
- Look up definitions of words together – you could use a dictionary, the Internet or an app on a phone or tablet.
- All reading is valuable – it doesn't have to be just stories. Reading can involve anything from fiction and non-fiction, poetry, newspapers, magazines, football programmes, TV guides.

How to Help Your Child with Reading

- Visit the local library - it's free!
- Practise and learn weekly spelling lists – make it fun!
- Encourage opportunities for writing, such as letters to family or friends, shopping lists, notes or reminders, stories or poems.
- Write together – be a good role model for writing.
- Encourage use of a dictionary to check spelling.
- Allow your child to use a computer for word processing, which will allow for editing and correcting of errors without lots of crossing out.
- Remember that good readers become good writers! Identify good writing features when reading (e.g. vocabulary, sentence structure, punctuation).
- Show your appreciation: praise and encourage, even for small successes!

How to Help Your Child with Mathematics

- Practise number bonds and addition and subtraction facts to 20.
- Play times tables games.
- Play mental maths games including counting in different amounts, forwards and backwards.
- Encourage opportunities for telling the time.
- Encourage opportunities for counting coins and money e.g. finding amounts or calculating change when shopping.
- Look for numbers on street signs, car registrations and anywhere else.
- Look for examples of 2D and 3D shapes around the home.
- Identify, weigh or measure quantities and amounts in the kitchen or in recipes.
- Identify and measure length and height of objects/people.
- Play games involving numbers or logic, such as dominoes, card games, or chess.

Previous SAT's Papers and More Information

- You can find more information about SAT's here:
