

# Kilburn Grange School Reception Curriculum

## Reception Curriculum Overview

This curriculum overview outlines the key learning within each topic. The half-termly curriculum leaflet distributed every half-term will provide further details of the learning and experiences taking place.

Autumn 1 <sup>st</sup> Half Unique Me	Autumn 2 <sup>nd</sup> Half Celebrations	Spring 1 <sup>st</sup> Half Let's Pretend	Spring 2 <sup>nd</sup> Half Space	Summer 1 <sup>st</sup> Half Once upon a time...	Summer 2 <sup>nd</sup> Half Our Wonderful World
<p><b>What makes me unique?</b></p>  <p>What is a family?            What makes a family?            Who are your family members?            Why do we have rules?            What are the different body parts used for?            How has your body changed since you were a baby?</p>	<p><b>Why do we celebrate?</b></p>  <p>How are festivals celebrated differently in the world?            How can we show respect for other peoples beliefs?            Why light is important?            What is religion?            What is the true meaning of giving?            What are the differences and similarities in cultural beliefs?</p>	<p><b>What does it mean to be imaginative?</b></p>  <p>What is a magical character?            Can you describe a character?            What makes a character a good or bad character?            What is a stereotype?            Can you describe a fantasy land?            What is an adventure?</p>	<p><b>What and where is space?</b></p>  <p>What are the names of the planets?            How can we travel to space?            What would we find in space?            What is a galaxy?            Can things grow and live in space?</p>	<p><b>Where will a book take you?</b></p>  <p>What is a fairy tale?            What fairy tales do you know?            What traditional fairy tales do you have in your own culture?            How do you start a fairy tale?            What is your favourite fairy tale?            Can you sequence the events in a fairy tale?</p>	<p><b>Why is our world so wonderful?</b></p>  <p>What different animals live in our world?            How big is our world?            What animals are extinct?            What different places in the world have you visited?            Can you describe what the world looks like?            What is the difference between land and sea?            What is a habitat?</p>
